

Handy Cure s'[®]

Treatment Area

- Where possible, treatment should be provided over bare skin.
- During treatment, the device should be held in a hovering state over the area where the pain is felt.
- If the treatment area is wider, the device should be moved (scanned) around the treatment area.
- If required, treatment can be provided over clothing or over wound dressing.

	Treatment area and number of treatments	Program week 1	Program weeks 2 and 3
